## 30 Days

- **All decisions regarding a student’s participation** in an alternate assessment or provided accommodations must be made and documented in the student’s plan (**IEP, 504, LEP**) **at least thirty (30) school days before the testing window opens.**
- **If there is not documented evidence that an accommodation is regularly used for a minimum of least thirty (30) school days before the test window opens, then it cannot be considered “routinely used” during instruction or on similar classroom assessments and cannot be used during testing**
- **Plans, with accommodations, put in place during the 30 day window** are technically **created for implementation in the next test cycle**
- **Changes in testing requirements** (i.e., change from general assessment to alternate assessment) **must be made at least one hundred twenty (120) school days before the testing window opens**
